Poster Competition Blockage Busters

Help us wage war on wipes, grease, fats and oils

In the UK, 9.3 million wipes are flushed away every day.

Yorkshire Water deals with 30,000 blocked pipes every year.

Around 12,000 of these are blocked by wipes: baby wipes, cleaning wipes, facial wipes, *even* so-called flushable wipes.

If grease, oils or fat from cooking are poured down the drain, it hardens, mixes with the wipes and becomes a big, gungy mass of sewage that blocks pipes.

Why do we care?

As well as costing lots of money to unblock pipes, it can cause flooding. That means sewage, including all those dirty used wipes, flows into our rivers.

Can you imagine? How horrible is that?

We need your help...

Can you design a poster that will encourage people to do the right thing—that is, stop flushing wipes, and stop pouring fat, grease and oil down the drain?

See yorkshirewater.com for inspiration or come up with your own ideas. The competition is open to Huddersfield residents aged 11+U, and 12-16yrs. The winner from each will receive a family ticket to Magna and their poster used in our campaign.

Closing date now: 12noon 07/11/19. See www.riverholmeconnections.org for details.

Scan and email your entry to admin@riverholmeconnections.org, or post to:
